7153 Sprague Street (in East Mt. Airy)

THE GREATER GOOD, a film by Leslie Manookian, Kendall Nelson and Chris Pilaro is a character-driven documentary that explores the cultural intersections where parenting meets modern medicine and individual rights collide with politics. The film offers parents, doctors and policy makers a safe space to speak openly, actively listen and to learn from one another. Mixing verité footage, intimate interviews, 1950s-era government-produced movies and up-to-date TV news reporting, THE GREATER GOOD weaves together the stories of families whose lives have been forever changed by vaccination.
